# Web-Based MOC & PQRI Programs

Physician Measures Reported

- Capture measures for your specialty under the Physician Quality Reporting Initiative (PQRI)
- Customize plan to document and track areas of quality improvement
- Remeasurement and change analysis

Clinical & QoL Outcomes Data

- Claims data pulled from existing EMR or practice management systems
- Deliver secure patient outcomes assessments and satisfaction surveys
- Data aggregated by physician and speciality in graphical format for easy analysis

National Data Registry

- Use for MOC Practice Improvement Component
- Filter by ICD-9, CPT code and custom tags
- Data exportable to Microsoft Excel™ and Adobe PDF®
